Negroes, Suspected of Killing
Postmaster, Rushed to Safety

By the Associated Press.

PETERSBURG, Va., July 15.—Splintered away from mobs, Judge Griffith and Abraham Coutsou, negroes suspected of having killed Stephen G. White, merchant and postmaster at Harpers Home, a small village in Dinwiddie county, were brought to the Petersburg jail today for safekeeping after being wounded and captured late yesterday afternoon a few miles from the scene of the crime.

Both negroes are suffering from gunshot wounds in their backs, having been shot by members of a posse who captured them. Griffith had several hundred pennies in his possession. The money is believed by the police to be a part of the loot taken by the alleged slayers from White's store. Coutsou was shot while refusing to halt after alighting from a train at Rawlings.

Griffith has been identified as resembling one of the two negroes seen at White's store just before the alleged murder was committed.

Bank Cashier Sentenced.

BENTON, La.—A sentence of "not less than nine years nor more than ten years" was imposed by District Judge Roberts upon James Perry, former cashier, for accepting deposits after the Bank of Plain Dealing was known to be insolvent. Notice of appeal was given. Perry was confined on seven counts embraced in the indictment.

Beaten, Denies Charges.

ORANGEBURG, S. C.—Claude J. Rast, county superintendent of education, who was badly beaten Tuesday morning by a number of men, following a charge, it is understood, that Rast had wronged the daughter of one of the men, has issued a written statement in which he denied the charge and asks that judgment be suspended until investigation is made, declaring that he has been greatly wronged. The men who are alleged to have assaulted Rast have been arrested and released on bail.

Pastor Hopes to Clear Name.

ACWORTH, Ga.—The Acworth Baptist Church is without a pastor, and Rev. Lon Davis, who held that office until the congregation voted to disbar him from his pulpit until he sends his reply to accusations brought against him, has left town. Davis said before his departure with his wife and a daughter he was going to Texas to bring back proof that would clear him of accusations of forgery and embezzlement. A committee was named to make arrangements for filling the pulpit temporarily.

Prevents Brother's Suicide.

ATLANTA, Ga.—A letter received by B. C. Butler, treasurer of an automobile equipment concern, caused him to hurry to a local hotel in time to prevent the death of his brother, W. H. Butler, by asphyxiation. He was removed to a hospital, where his condition was pronounced critical. Butler for many years was with the Atlanta freight bureau, and organized a new business and was not prospering. In his letter he referred to himself as the "champion mistake maker" and declared, "Now I am about to make the biggest 'bull' of all."

Aviators Escape, Plane Wrecked.

PENSACOLA, Fla.—Chief W. F. Hill and H. M. Bradley escaped uninjured when an N-9 seaplane which Chief Hill was piloting, crashed into Pensacola bay. The plane was a complete wreck. The men were rescued by the crew of a fishing smack.

Suit Filed Against Printers.

DULUTH, Minn.—Suit for an injunction against picketing and for \$25,000 damages sustained from picketing, threats against employees and efforts to cause employees to leave their positions, was filed by thirteen Duluth printing companies against the unions of printers, pressmen and bookbinders. The case is an outgrowth of the nation-wide strike of printing employees called May 1 to enforce the forty-four-hour week.

HERRICK GIVEN OVATION
ON ARRIVAL IN FRANCE

Paris Crowds Gather and Cheer New U. S. Ambassador on His Return.

By the Associated Press.

PARIS, July 14.—Myron T. Herrick, the new American ambassador to France, upon his arrival here from Havre late this afternoon was given an enthusiastic reception by the large crowds which gathered to welcome him. Premier Briand, the first to shake his hand, said: "Mr. Ambassador: It is fitting and symbolic that you should arrive on our national fête day."

Mr. Herrick appeared to be deeply moved by the premier's words and the reception which the crowds had given him. He pressed forward and kissed M. Briand on each cheek and shouts of "Bravo!" were let loose by the throng. The ambassador told M. Briand it was one of the greatest joys of his life to return for a second time as ambassador, and that he did not feel like one arriving in a strange country. He then welcomed the embassy staff.

Before his departure in an automobile with the French premier, Mr. Herrick was presented with a large bouquet of flowers by a delegation of eighteen boys and girls representing the school children of Paris.

Infant Drowned in Yard.

CHARLESTON, S. C.—The drowning of Charles Quinn, a white infant, in the flooded yard at the home of its parents yesterday was the only toll of human life from a torrential rainstorm, which broke upon this section, causing water to rise several feet in many business houses, paralyzing trolley car traffic and damaging growing crops to a considerable extent.

Police Probe Kidnaping Story.

ATLANTA, Ga.—Police began an investigation yesterday of the story of sixteen-year-old Vera Brightwell, missing since last Friday, that she had been kidnaped on a downtown street by two young men in an automobile, who held her captive in lonely woods some fifteen miles from Atlanta and finally deserted her. The girl, who is attending a business college here, thinks she was drugged, according to the account obtained by police, as she remembers but little until she made her way on a train back to Atlanta and went to a hotel, fearing to return home.

PACKING HOUSE WORKERS
NOT TO HAVE PAY CUT

U. S. Arbitrator Says Reduction in Cost of Living Too Small to Warrant Change.

CHICAGO, July 15.—Employees of middle western and western packing houses, parties to the arbitration agreement with the government, will continue to receive their present wage rate for the present and probably until next September, when the agreement expires.

In a decision handed down Federal Judge Samuel Alschuler, arbitrator under the Department of Labor, refused the petition of the packing house companies for a five-cent-an-hour cut in wages. The number of men affected by the order is estimated to exceed 100,000.

In the packing house decision the arbitrator declared the recession in the cost of living is not as great as the packers contended, and in some instances there has been no decline. At the same time taxes are constantly mounting, street car fares remain 60 per cent above pre-war prices, while gas, electricity and fuel continue at high rates, the judge says, adding: "Newspapers, a most general necessity, remain at the highest point from 100 to 200 per cent above 1914 prices."

Among other costs which have not started to decline he named rents, telephone and telegraph service, freight and passenger rates, while such essential foods as milk, bread and bakery products, fruits and meats show only slight decreases.
